

Del Mar College Echocardiography Program

Echocardiography Program Mission

The Echocardiography Program is dedicated to the following minimum expectation: “To prepare competent entry level-adult cardiac sonographers in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains.”

Mission of Del Mar College

Del Mar College is a multi-campus community college providing access to affordable degree and certificate programs, customized workforce development, and continuing education opportunities for the successful educational advancement and lifelong learning needs of our communities.

Echocardiography Program Goals

The goals of the Echocardiography Program are consistent with the needs of the community and the interest of the students. The learning domains are in accordance with CAAHEP and reflect the expectations of Del Mar College. Specific goals include:

- Instill high academic and professional standards in students and graduates
- Maintain program accreditation standards through CAAHEP
- Provide a solid resource for the clinical facilities of the Corpus Christi area
- Ensure graduates develop critical thinking skills
- Apply lifelong learning in the Sonography profession
- Meet CAAHEP credentialing success rates on the ARDMS registry examination
